# A START IN BUSINESS.

Hundreds of young men and women who leave their homes in the country and seek employment in the city find themselves compelled to accept some menial position or return home sadly disappointed. Why is this? Certainly not because the city has no positions for young men and women, for every city continually demands services. The trouble is with the young people themselves: they have not the requisite qualifications.

HOW TO TRAVEL TO AND FROM

# TEXAS, MEXICO, NEW MEXICO,

### ARIZONA AND CALIFORNIA.

Choice of THREE ROUTES to the Pacific Coast.

### THE SUNSET ROUTE.

By way of New Orleans and El Paso, traverses the States of Louisiana and Texas, the Territories of New Mexico and Arizona, and the southern and central portions of California. A journey over this line provides a variety of travel not to be met with in any other trans-continental route. Many peculiar features of Southern and Western life are to be seen, while the numerous relics of an ancient civilization met with along the road are attracting great interest.

### THE OCDEN ROUTE.

By way of Ogden, Utah, the Pioneer Line connecting the East and West, offers perhaps greater facilities for comfort in travelling than any other. The United States fast mail trains on this route are equipped with Pullman Dining Cars, on which the service is unexcelled. The satisfaction to be derived from this source alone will be appreciated by all who have occasion to make the trans-continental trip.

### THE SHASTA ROUTE.

By way of Portland, Oregon, on the other hand, permits a view of some of the most magnificent scenery on the continent. A view of Mt. Shasta, standing alone in all its sublimity, is one ever to be remembered. This glorious sight, and the Canopy Falls of Moasbrae at its base, with many another picturesque bit of mountain, vale and woodland scenery, make the "Shasta Route" pre-eminently the "Scenic Line" of the Pacific Coast.

First-class Excursion Tickets to California and Mexico on sale daily. Tourists or second-class excursions leave Boston for TEXAS, NEW MEXICO, ARIZONA AND CALIFORNIA during the first and third week of each month, via "Sunset Route," and the second and fourth week of each month via "Ogden Route." # For Ready Reference and Topical Reading.

### By J. N. LARNED,

Ex-President Am. Library Association.

Giving History on all Topics in the exact Words of the Historians themselves. Not the opinions of one man, but the thoughts of many men, have been diligently sought out and arrang ed for the "Ready Reference" of the Reader.

"A man may be able to sell, or make goods. Without a knowledge of history, but I do not see how he can do his duty as a citizen or a father without some knowledge of history. \* \* \* \* Mr. Larned's History for Ready Reference \* \* \* \* is a really wonderful messic of good historical writing, and invaluable to the ordinary business man, even more than the special scholar."—Forrest Morgan, Trav. Ins. Co., Hartford.

"Every family that wishes to be well informed, or to keep its knowledge of history bright, would do well to own and study this splendid work."—Geo. Parsons Lothrop.

"Where the Dictionary goes this History should go."-J. H. Vincent, D.D. L.L.D.

"No one can afford to do without it."-Springfield Republican.

"The almost incomparable usefulness of this book."-Albert Shaw,

"As a time-saying book to the busy man or to the student, I know of nothing else at all equal to it."—Thos. M. Bulliet.

"I consider the books a veritable and valuable gold mine. I never tire of dipping into them at odd hours, and am always rewarded. For 'reference' they are invaluable while for 'topical' reading they are fascinuting and absorbing, no matter what era or country is consulted."—W. F. Felch, Editor Conn. Quarterly, Hartford.

### Do You need a "Lucky?"

The left hind foot of a North Carolina grave-yard Rabbit, or "Lucky" is regarded throughout the entire South as a recognized emblem of good luck and untold prosperity.

In the North, however, the policies of SHERMAN & JENNE are known to have a most potent influence for good, preventing loss by fire, serious accident, and perhaps death, and in the event of either bestowing an equivalent in silver or gold.

Try them.

#### SOME TESTIMONIALS.

W. W. CRAGIN, Supt of Schools in Laconia, N. H.

"I have known Mr. Spaulding, manager of the Teachers' Co-operative Association, for several years, and have had occasion to consult him in regard to teachers more than once. The teachers whom we have secured through his agency have been without exception just what he represented them to be, and tills fact leads me to place great confidence in his judgment."

JUSTUS DARTT, formerly State Supt. of Schools in Vermont:

"In all my dealings with your agency I have found it reliable. It is one of the agencies that I consult frequently."

HENRY D. HOLTON, M. D., Chairman School Committee, Brattleboro, Vt.:

"It gives me pleasure after several years' acquaintance with Mr. F. B. Spanlding to say that he has been of great service to us in securing efficient teachers. Your judgment and discrimination in recommending teachers have been excellent. We feel that we can rely on your honor and integrity whenever we are in need of teachers for any grade."

F. W. PIERCE, Chairman School Board, Chester, Vt.:

"I wish to extend to you the hearty thanks of the School Board for the assistance and advice given in the selection of an assistant for our Central school. The young lady selected is proving eminently satisfactory in every way."

F. H. DEWART, Prin. of St. Albans Academy, St. Albans, Vt.:

"My experience with the Teachers' Co-operative Association of New England has been such that I can unqualifiedly recommend it to teachers in search of positions. I can ansure those who register with it that they will have prompt and efficient service, while Mr. Spaulding's business methods are strictly honorable and gentlemanly."

HELEN E. FROST, Teacher in Webster Grammar School, Manchester, N. H .:

"I am indeed very grateful to you for the aid I have received in obtaining my present position."

JAMES D. HORNE, Prin. of High School, Lawrence, Mass.:

"I have been very much benefitted by my connection with the Teachers' Co-operative Association of New England. It is a strictly reliable and painstaking agency."

E. H. WHITEHILL, Prin. of High School, Woodstock, Vt.:

"I take great pleasure in testifying to Mr. Spaulding's energy and ability in the management of the Teachers' Co-operative Association. After accepting one position another equally desirable was offered me. Both of these were the result of Mr. Spaulding's work."

APRIL 30, 1894.

X-ZALIA MEDICINE Co.,

Boston, Mass.:

Five months ago the upper part of my left arm was wholly covered with Eczema. A friend presented me with a bottle of X-Zalia, saying he had used this remedy for a burnt hand, and that its effect on the skin was almost magical.

I had used X-Zalia but two days when my arm began to get better, and before I finished the bottle the Eczema had wholly disappeared, and I have not since been troubled with it.

#### Without Medicine! Cure

### A HOME TREATMENT OF MARVELOUS WORTH.

- 1. IN SIMPLICITY, those of ordinary intelligence can use it, in very serious and dangerous sickness.
- 2. IN EFFECTIVENESS, always curative and eradicative to a degree never before attained by the highest skill in other methods of treatment.
- 3. NEVER DANGEROUS OR INJURIOUS, as the treatment is only an ass stance of Nature to do ITS work more effectively.

It is a Treatment of the Blood administered by attaching an instrument to the flesh, which aids the system to take on Oxygon from the Atmosphere, to 'the utmost amount the system can use, and by purifying, revitalizing and loading it with Nature's Nerve Food, it ejects Disease, by removing its cause. It applies of necessity to all diseases as no other treatment ever has.

The Oxygen Costs Nothing, the price of the instrument being all the expense necessary for years. It can be used by the entire family.

Not a New Thing, but it has been in use in New England nearly seven years, and is endorsed by thousands, many of them prominent among the most influential citizens.

#### TESTIMONIALS.

"I sought the aid of a dozen of the best physicians I could find, but they helped me very little. On Dec. 17, 1891, I began using the Electropoise, and in a year from the time I commenced using it I enjoyed almost perfect health which has continued to the present time. I have great faith in it." Rev. J. H. Mansfield, Athol, Mass. "We commend the 'Electropoise' as a safe and effective health restorer; we do not pretend to explain the philosophy of its workings, but having realized its beneficial effects we can speak of its results." Rev. W. MCDONALD, in Boston Christian Witness, Sept. 3, 1891.

#### Actual Practice in Business.

By our system of teaching Business and Book-keeping the student has actual practice in business ways, methods and transactions, from the beginning to the end of the course; transacting business with his fellow-students, the teachers and the various wholesale houses connected with the school.

He buys and sells merchandise, sends and receives bills, checks, invoices and monthly statements. He checks off his statements and pays them by cash, by check or by notes.

He deposits cash and checks in the College Bank; has notes discounted and collected, and draws on customers in different cities through the Bank.

He receives consignments of merchandise on commission and on joint account, also ships merchandise to different persons on sale.

He buys, sells and rents real estate and insures merchandise and real property.

All this and much more of a very practical nature is done in the best manner possible, while bringing into practice the most approved modern methods of transacting business and of recording such transactions.

Young people are here educated for the practical, every-day duties of life, and, when competent, helped to suitable employment by our

are without doubt the best fertilizers in the world for producing the largest possible crops of Grass, Grain, and Vegetables in the shortest time. The Bradley Fertilizer Co. manufacture fertilizers of all grades, and for all crops; and being the largest manufacturers in the world, their facilities for furnishing all kinds of fertilizers and agricultural chemicals at the lowest prices are absolutely unequalled.

Their leading brands are

#### BRADLEY'S SUPERPHOSPHATE

Bradley's Superphosphate, the pioneer of the fertilizer industry in the United States, has been more extensively used than any other brand of fertilizer in the world.

From its unvarying quality and uniform condition it has gained the name that more plainly bespeaks the estimate in which it is held among the farmers than volumes of praise,—"the Old Reliable."

#### BRADLEY'S POTATO MANURE

For Growing Smooth, Sound Potatoes of the Best Quality Without Barnyard Manure.

Bradley's Potato Manure is in no sense a theoretical or experimental mixture, but is prepared from formulas which repeated field tests have proven will produce the largest crops of smooth, sound potatoes.

The universal testimony of leading farmers is convincing that it gives the best of satisfaction, and at a considerable raving m cost over many of the high-priced "special potato manures" whose alleged scientific combination is their principal claim to the farmer's patronage.

#### BRADLEY'S COMPLETE MANURE

For Potatoes and Vegetables, Corn and Grain, Top Dressing Grass and Grain.

These manures are the richest and most concentrated fertilizers sold, as has been abundantly proven by actual results in the field. They are manufactured from the very best plant-food materials obtainable, combined in such form and proportions as long practical experience has proven will yield the largest crops of the best quality.

Send to us for finely illustrated pamplik to describing all of their brands, and let us quote you prices on these unequalled fertilizers before purchasing elsewhere.
